Dear Sir(s):

This is a letter of recommendation from a satisfied Boeing Customer in regards to the delivery and quality performance of Chant Engineering Co, Inc located in New Britain, PA. Chant is under contract with The Boeing Co., Rotorcraft Division, to supply pulley blocks for the V22 Aircraft as part of the cargo handling system. Their deliveries to date have been ahead of schedule and at 100% quality per the Boeing Quality rating system. It is a pleasure to work with Chant and Boeing looks forward to continuing this relationship as it looks for more opportunities for Chant within their core competency.

Sincerely,

Mike Hopkins
